Stallions Youth Football has a policy regarding the financial assistance (scholarship program) for our youth players.

Step 1: Registration Fees

If your child is on the Federal Lunch Program, they are eligible for financial assistance in the form of the waiving of half of the season's registration fee.

Please take the form below to your child's school and have a school official sign the form verifying your child is on the Federal Lunch Program. This information is kept completely confidential. Coaches are not aware of players who have applied for and/or are on a scholarship. Return the completed form to the Stallion office address above.

If you are not eligible for this program you must add this fee to Step 2.

Step 2: Equipment Cost

Use the Kroger Refillable Gift Card program to pay any registration fee balance and half of the first year equipment cost. The Stallions will waive half of the first year equipment cost.

You can have as many Kroger cards as you want to give to other family members and friends that will be credited to your registration fee balance and first year equipment cost balance.

Kroger will donate to the Stallions (4%) of what you spent at Kroger. 30% OF WHAT KROGER DONATES TO THE STALLIONS IS CREDITED TO YOUR REGISTRATION BALANCE AND ANY FIRST YEAR EQUIPMENT COST BALANCE .

Example: If a family buys \$1000 groceries a month Kroger will donate to the Stallions \$40.00 (4%).

The Stallions will credit 30% of that amount, \$12.00, to your registration balance up to the registration balance and equipment balance up to the equipment balance. It will not take long for a family to pay for their registration and equipment balance and the Kroger program will not cost a dime.

I NEED _____ KROGER CARDS.

My child, _____ is a participant in the

Child's name

**Federal School Lunch program through the
_____ School District.**
